UC San Diego Health PGY2 Critical Care Pharmacy
Supplemental application

Start of Block: Description of PGY1 Program

Thank you for completing this supplemental application for our PGY2 Critical Care Pharmacy residency. Your answers will be used to supplement the application materials uploaded to PhorCas. We appreciate your time!

Q1 I currently:

- [ ] Am completing a PGY1 Pharmacy residency
- [ ] Work as a staff pharmacist in an inpatient setting
- [ ] Work as a staff pharmacist in an ambulatory setting
Q2 The ASHP Code for my PGY1 residency is/was (can be found via https://accreditation.ashp.org/directory/#/program/residency)

- Please enter the ASHP code  
- My PGY1 residency is in candidate status
- My PGY1 residency is/was unaccredited

Q3 Type of hospital or hospital system where I am completing (or previously completed) my PGY1 residency or currently work is:

- Academic
- Community

Q4 Location of hospital or hospital system where I am completing (or previously completed) my PGY1 residency or currently work is:

- Urban
- Suburban
- Rural
Q5 Over the course of your PGY1 year, please describe your staffing experience for ICU-level patients (excludes learning experience/rotation experience). Please include both operational and clinical responsibilities. If you have already completed your PGY1 residency and have been working since, please describe your daily activities with relation to ICU-level patients.

Q17 Please describe the ICU model (open/closed) at your PGY1 hospital or current institution.

- Closed ICU definition: only one service admits and writes orders on patients
- Open ICU definition: multiple services have admitting privileges for ICU patients
- Some ICUs were open and some were closed
Q18 Are ICU pharmacists at your PGY1 hospital or current institution service or unit-based?

- Service-based
- Unit-based
- Combination
- We do not have dedicated ICU pharmacists

Q19 At your PGY1 site (or most current practice site if you are a current practicing (non-resident) pharmacist), please check all the responsibilities that ICU pharmacists are responsible for. Please also designate all the activities you have observed, or actively completed, for ICU patients.
