III. Application Questions (Please type and use additional pages as necessary)

Please explain your interest in a Practicum with The UC San Diego Regional Burn Center.

What do you feel your role would be as a practicum student? What are your goals and/or specific areas of interest?

UC San Diego Health

Describe your previous experiences with children (non-medical). Please include number of hours worked and describe supervision.

Describe previous experiences with children (hospital and/or health care setting). Please include number of hours worked and describe supervision.

Please describe any significant **personal** experiences with hospitals and/or medical treatment? How have these experiences affected your views about health care for children?

UC San Diego Health

Play is essential to the Child Life philosophy. Discuss its value, implications, and challenges in a health care setting. Identify approaches and strategies with medically fragile children.
